

# Vitz-Norris Pack Award

The Vitz-Norris Challenge Award has been developed to recognize units who are delivering a high quality program to the youth they serve. Recipients of this award are those who have gone over and above the minimum requirements of the Quality Unit Award. Qualifying units are eligible to receive a 5% discount for their summer camp fees at any Crossroads of America Council summer camp. In order to qualify for the Vitz-Norris Challenge Award each unit must earn 10 points including each of the \*d (mandatory) requirements. Each of the 10 requirements is worth 1 point. If you miss on requirements #9 or #10, you can still earn the Vitz-Norris Challenge by earning enough points in the bonus area to get your unit's score to 10.
